Letter to the Editor: We want no kings; rally is March 28

Mar 24, 2026

Editor:

At the height of the Vietnam War, the unofficial slogan at my high school was "Challenge Authority." That thought is more important now than ever.

We continue to witness unprecedented gaslighting and lawlessness by the current administration. Everyday there is a new action clearly outside any norms in the history of our government as many continue to demonstrate a loyalty to their leader and not the Constitution. We, as citizens, have the responsibility to stand up to the foolish and dangerous actions and say no, we will not accept a dictator in the U.S.A.

Be part of a nationwide, nonviolent movement with local group Operation Grassroots at 10 a.m. on March 28 at the Jackson County Courthouse. Join us and say "No Kings" in our country.
