

THE HIGHWAY 17 BICYCLE & PEDESTRIAN OVERCROSSING PROJECT

proposes to construct a bicycle and pedestrian bridge over Highway 17, to promote connectivity and improve the multimodal network throughout the Town.

PROJECT NEED

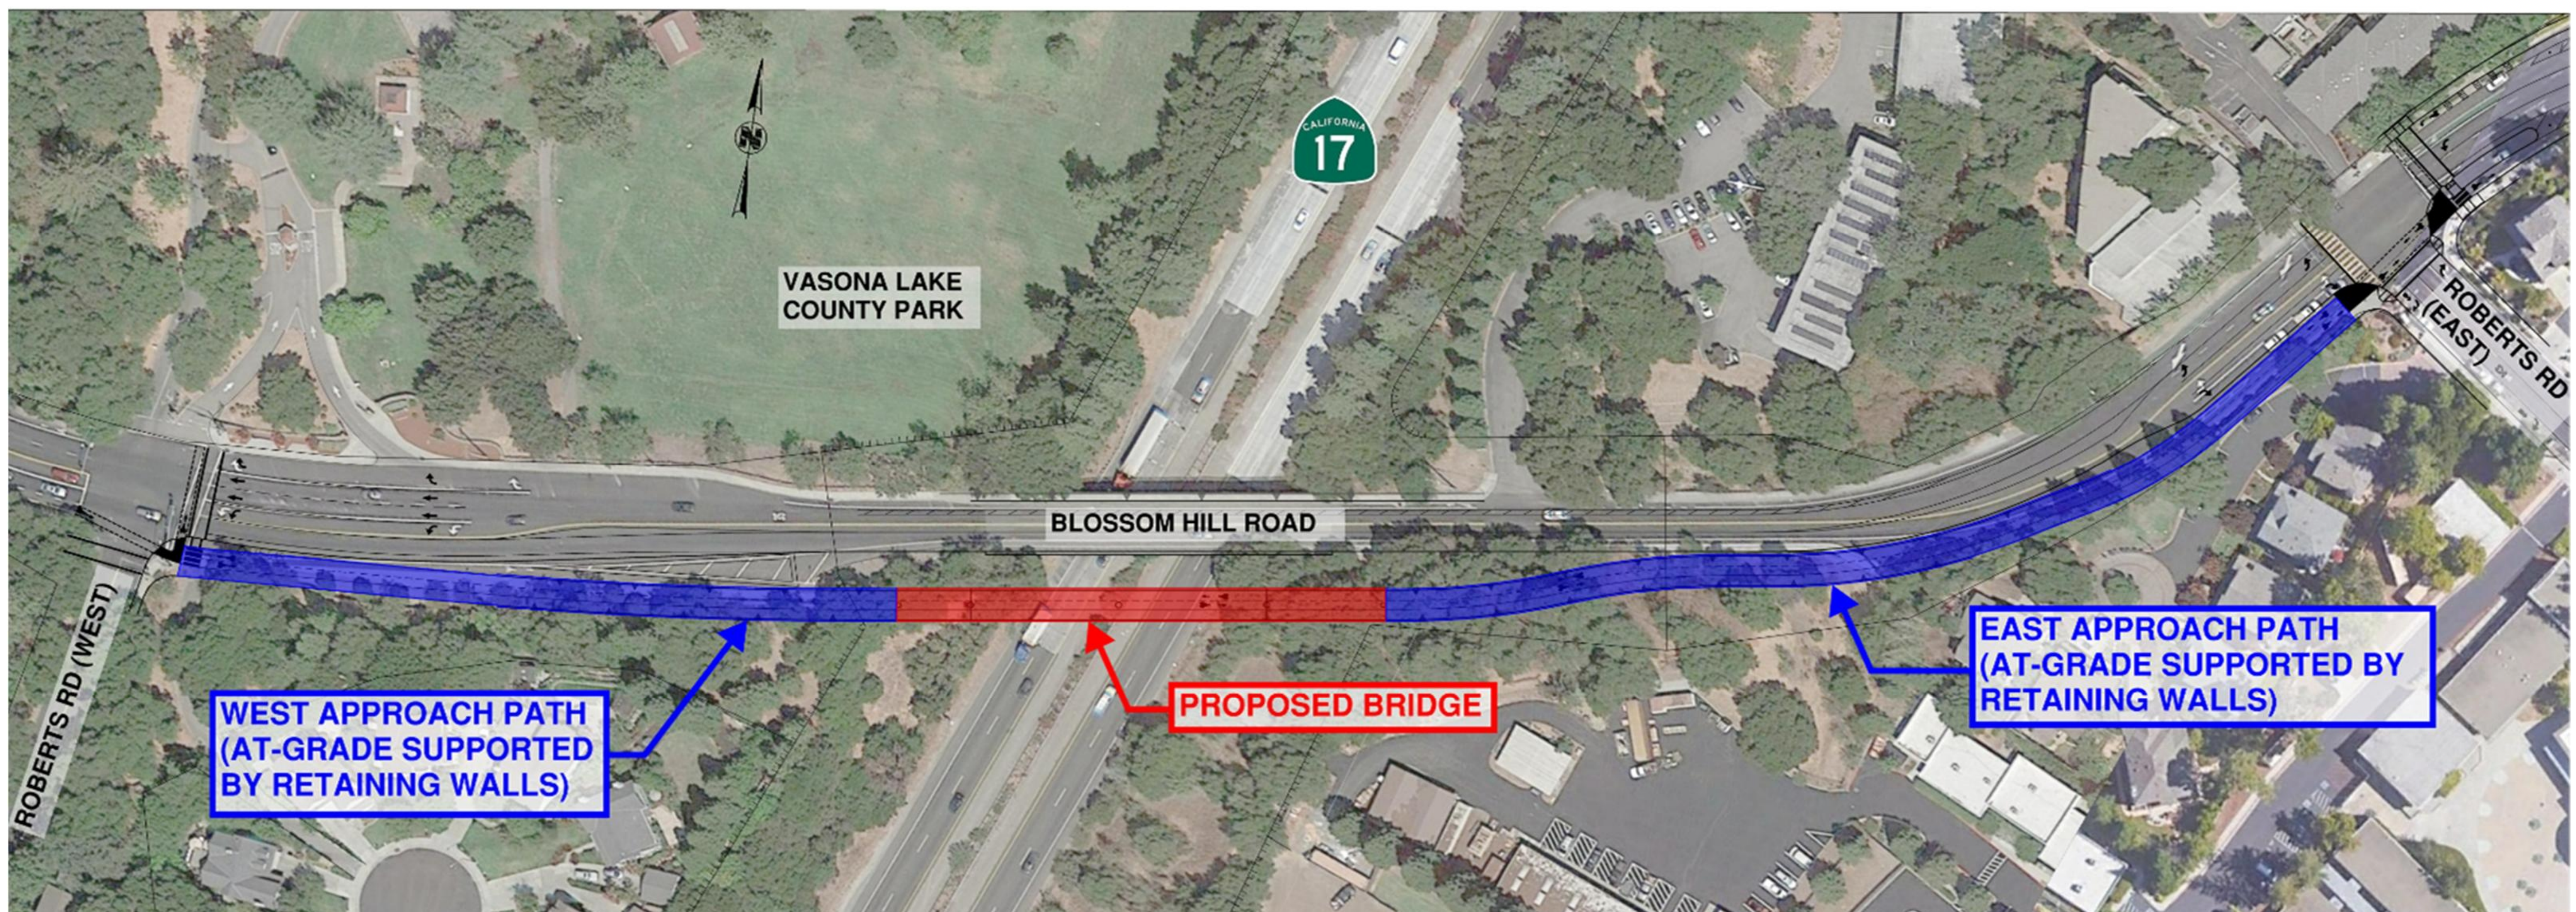

- Highway 17 divides the Town in two and creates a barrier for bicyclists and pedestrians.
- The current Blossom Hill Road Overcrossing provides insufficient width to meet current and future bicycle and pedestrian demands.

PROJECT BENEFITS

- Improved bicycle and pedestrian mobility across Highway 17 in the vicinity of the Blossom Hill Road.
- Provides a Safe Route to School.
- Promote active transportation.
- Reduction in traffic congestion and greenhouse gas emissions by reducing vehicular traffic.

PROJECT BACKGROUND

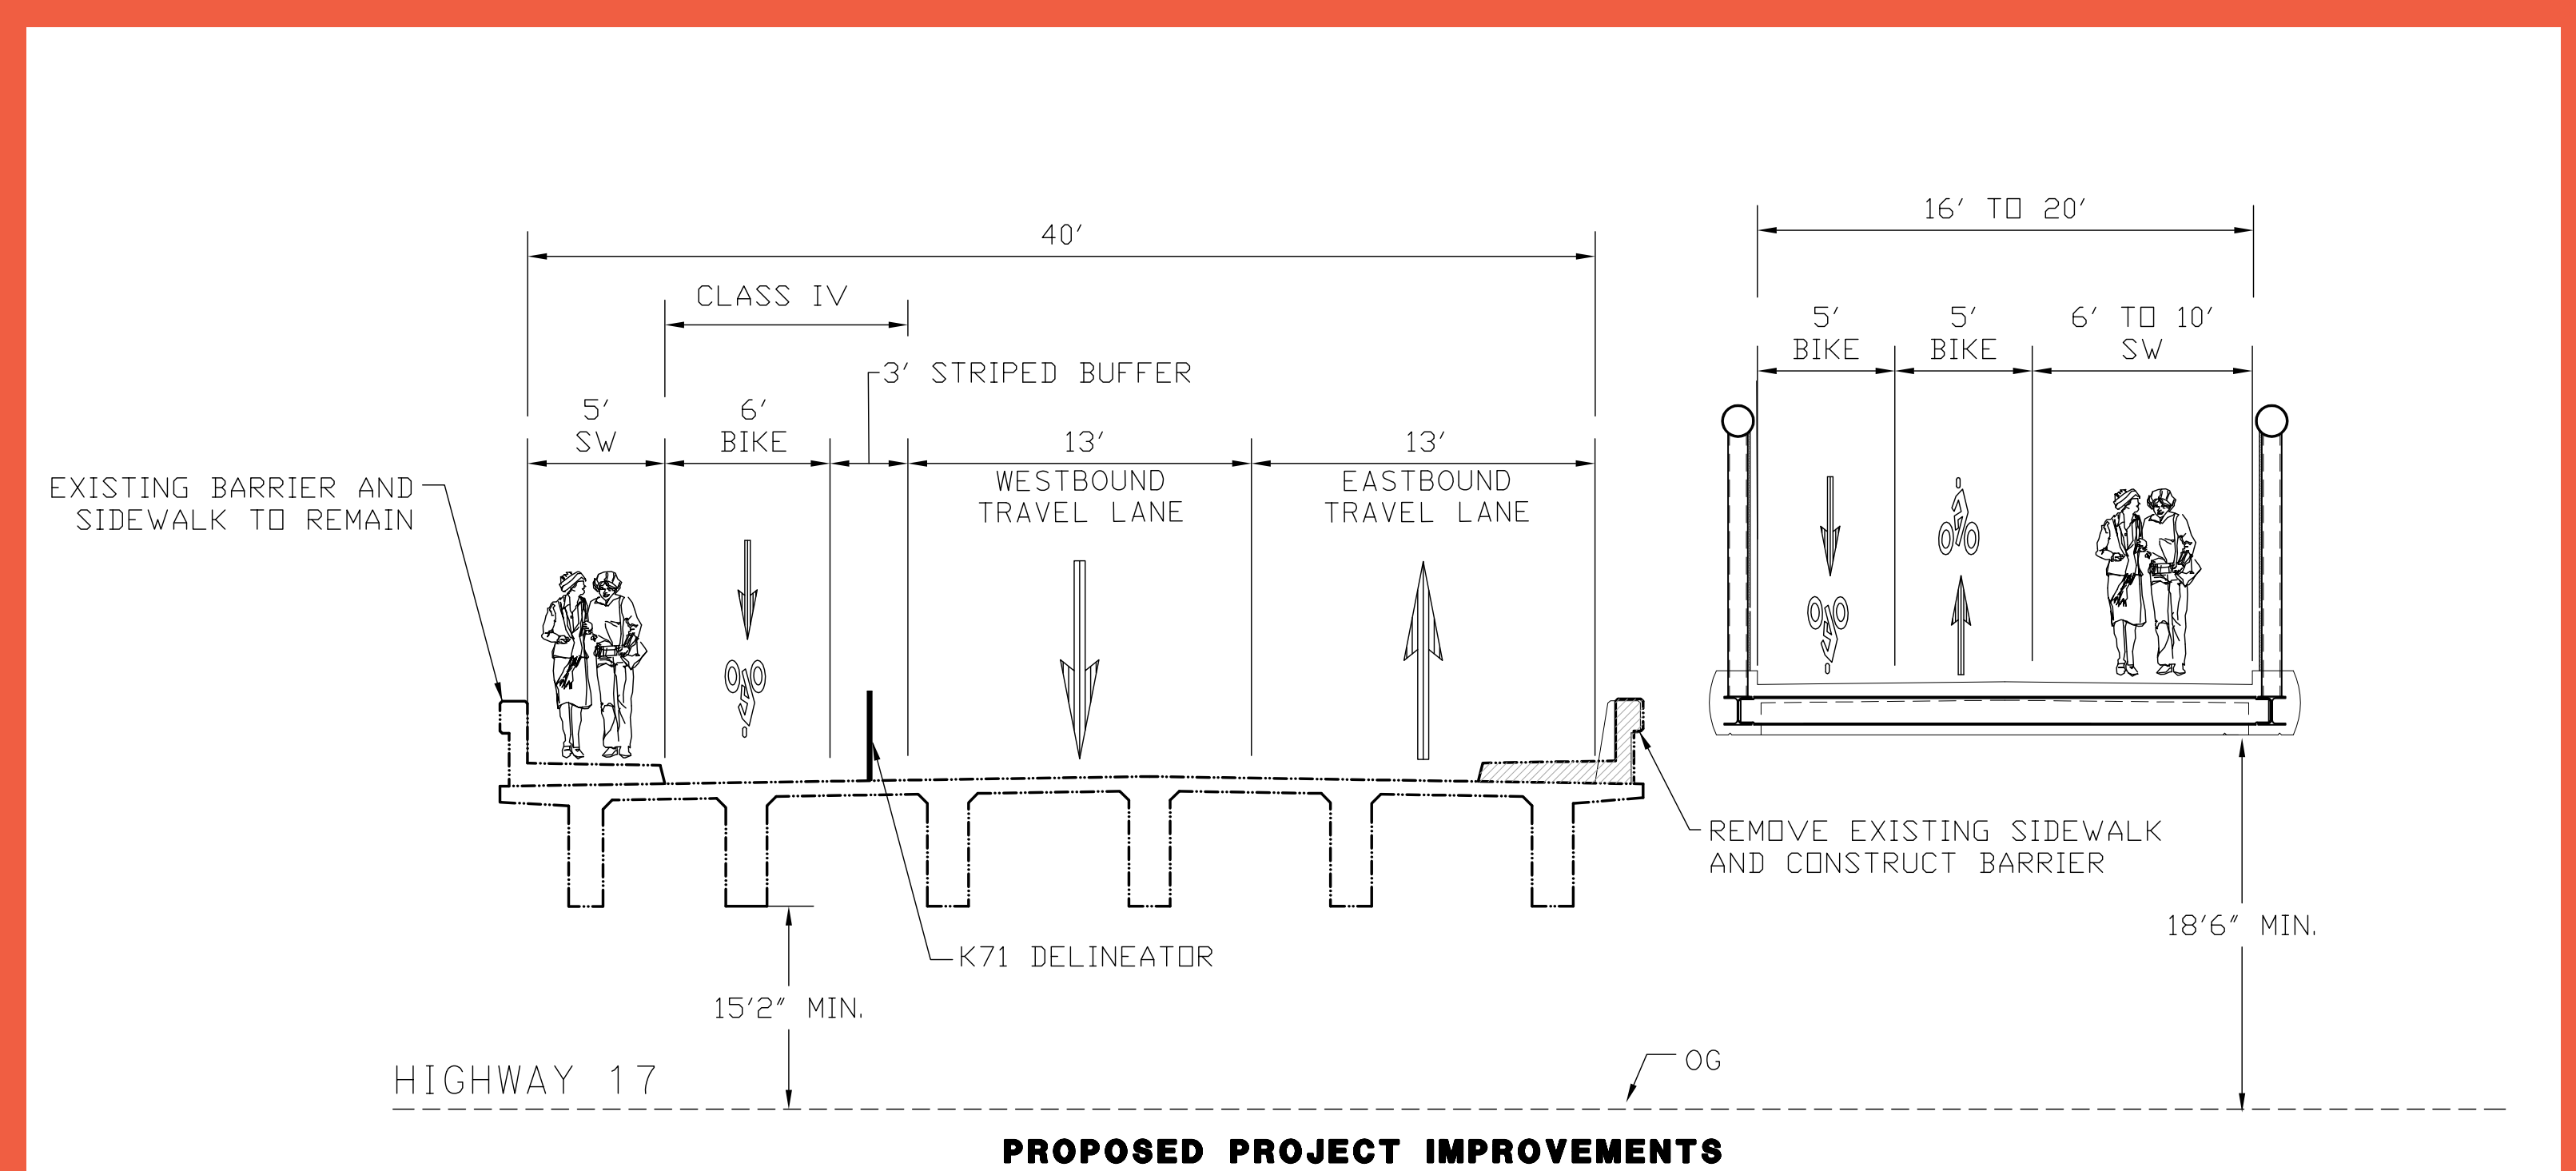

- Feasibility Study Completed in November 2020.
- Town Council decision to proceed with separate bridge alternative in December 2020.
- Project funded by VTA Measure B (\$2.75M) and by the Town of Los Gatos (\$1.1M)

PROJECT MILESTONES

2021	Phase 1: Caltrans Project Initiation Document (PID)
2022	Phase 2: Preliminary Engineering & Environmental Review
2023	Phase 3: Final Design - Plans, Specifications, and Estimates (PS&E)
2024	Phase 4: Construction (Pending Funding Approval)
2025	
2026
