

## **JerJuan Green**

JerJuan Green is a native of St. Petersburg, FL where he graduated from Boca Ciega High School. After completion of high school, he joined the military where he proudly served as an Infantryman in the United States Army. Upon his completion of duty, he enrolled in St. Petersburg College where he obtained his Associates of Arts degree, and then went on to complete his Bachelor of Science degree in Electronic Engineering at Florida A&M University. After graduation, he had the unique opportunity to work at Kennedy Space Center at the Operations and Checkout Building. While there, he had the chance to work alongside NASA engineers on Expandable Launch Vehicles (ELV). An ELV is a launch vehicles that use disposable components to carry a payload into space. For the past 10 years, he has held the position of Director of Operations at the Virginia M. Leonard Community Education Center where he led up a tutoring service program for students in grades K-12<sup>th</sup> as well as a S.T.E.A.M (Science, Technology, Engineering, Arts, & Math) program that introduced students in our community to these rising career fields. Most recently, he has been hired on by the Boys & Girls Club of the Suncoast as the Program Director at the Royal Theater BGC.
