Dear Parents and Students,

As we are approaching the midway point of our winter sports season, I would like to share a few reminders regarding behavior. Attendance at school-sponsored athletic events is a privilege where students are required to follow behavioral expectations set forth by the Menomonee Falls School District, whether home or away.

All individuals must demonstrate respectful and appropriate behavior toward student-athletes, coaches, officials, event staff, and opposing teams. Any form of taunting, harassment, profanity, intimidation, disrespectful gestures, unsportsmanlike conduct (storming the floor), or interference with game officials will result in immediate action.

High school students are expected to comply with all school rules while in attendance at athletic events. Failure to comply with these expectations will result in disciplinary consequences. Such consequences may include immediate removal from the event, suspension or revocation of privileges to attend future athletic events, school disciplinary action, and/or additional consequences in accordance with school and district policy.

Our priority is maintaining a safe, respectful, and orderly environment. Disruptive or inappropriate behavior that detracts from this goal will not be tolerated.

Thank you for your cooperation in upholding the standards of our school community.

Sincerely,

John Damato

Athletic and Activities Director
