

# ADULT AND CHILD GRIEF SUPPORT FOR LOSS DUE TO SUBSTANCE USE

The Medical Examiner's Office and Uplift Center for Grieving Children have partnered to facilitate peer support groups for those affected by a death due to substance use or overdose.

We are offering two separate groups operating at the same time: one for adults and one for children (ages 5+). Individuals or families can participate in one or both groups. The groups will be open, judgment-free environments where individuals can share as little or as much about personal grief while connecting with others who are going through similar experiences.

<b>DATE</b>	First and Third Thursdays of each month
<b>TIME</b>	6:30- 8:00 PM
<b>LOCATION</b>	Falls Center (3300 Henry Ave. Ste 102, Phila, 19129) *Entrance through Martha Tracey building, first door on the right. Free parking available, also accessible directly by SEPTA's R and 32 bus lines (tokens available).
