

Generous Donation Honors My Very Own Blanket Angel Volunteer

At the end of 2019, we were very blessed to receive a \$10,000 donation (our largest donation ever). This generous donor wishes to remain anonymous, but they sent us the message below that tells of their motivation:

Please note this donation comes in honor of the hard work and dedication that Claire Sampson has shown to the organization and -- as a foster parent myself -- to ensure the lives of future foster children are made better through the security of their very own blanket as they hopefully enter a healthy, loving, and more stable environment.

This gift will allow us to provide blankets for 1,000 children in foster care. Many thanks to this donor and all our donors, large and small. You are vital to our mission.
