

To make your registration process easier, please follow these steps to create an account before February 9, 2026.

#### **NEW USERS**

- Select "NEW ACCOUNT".
- The account owner is the parent or guardian of the camper.
- Wait for an approval to come to your email inbox (generally within 24 hours, but may be delayed on weekends).
- After your account has been approved, you will log back in and select "Add Member". This is where you will enter your camper's information. You will need to "Add Member" for each camper you are enrolling in Camp Nakomis.
- Once registration opens on February 9, 2026, at 10 AM, you will enroll your campers for the weeks of camp you would like them to attend. Be sure to **ONLY CHECK** the box by the campers' names - not the account owners (parent/guardian).

- Update the camper's information as necessary.
