

BARLINA HOUSE

BULLETIN

Ms. Sherry & Mrs. Holly
3 YR OLDS

WHAT WE LEARNED IN FEBRUARY

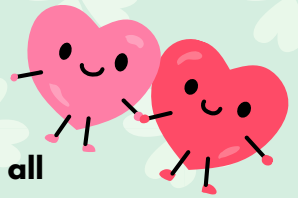

V- We made volcanoes and created Valentine's for our parents

X- We traced our hands and used Q-tips to make x-rays; we also pretended to be pirates when we made our own treasure maps

Q- We glued different types of fabric together to make a quilt and we decorated queen crowns

Z- We chose different animals to make our own zoo

We loved talking about Valentine's Day and making our own valentines for our parents. We had so much fun at our Valentine party and loved passing them out to all our friends. We had so much fun during our sports day at Grand Oaks where we were able to play a few different sports and run an obstacle course.

We talked about space when we made our own solar systems and had fun playing with salt dough when we made aliens. We learned what happens when you mix baking soda and vinegar when we painted fizzing volcanoes. We were all on the same team while we cheered on team USA in the Olympics and enjoyed tracking how many medals we've collected. We loved watching the figure skaters and snowboarders.

WHAT'S AHEAD!

R- We will make rainbows

U- We will be making unicorns

K- We will make kites

O- We will be making an octopus

We will be hard at work in March getting ready for our schoolwide art show. We have plenty of fun art projects planned, so be sure to stop by to see them.

We will be talking about what important information is while we learn our parents first and last names.

We will be having a vision and hearing test, so please help your kids be excited to play a hearing and vision game with their teachers.

With St. Patrick's coming up, we will be having a leprechaun come visit our classroom.

DRAMATIC PLAY AREA

PIZZA PLACE
