

# BARLINA HOUSE

## BULLETIN

Mrs. Donna & Mrs. Sam  
4 YR OLDS

### LETTERS & NUMBERS FOR THE MONTH

We learned Vv, Xx, Qq and Zz.

One of the most favorite projects that we completed was a name quilt with fabric. It is on the wall in our room. You will be able to see it on the art show day.

We will learn Rr, Uu and Kk. When we come back from break, we will complete the alphabet.

### WHAT WE LEARNED IN FEBRUARY

We created our own solar system. Every child chose their own planet to create, and they also formed the galaxy that the planets are in.

We wrote a book about our favorite planet and our own constellation with star stickers and chalk. They created moon craters with dough. These will be displayed at the Art Show.

We also learned about the phase of the moon. It was a great month!

### WHAT'S AHEAD!

We will make a Leprechaun trap and write a new book about how to catch the leprechaun.

We will be exploring dinosaurs during March and begin our spring planting.

We will be celebrating Dr. Seuss's birthday week by reading his books and being silly.

We will review all the numbers from 1 to 20, practice printing and simple addition.

### REMINDERS

Check the flyers that come home and that are one this email.

Have a great Spring Break!  
See you Mar 31!

Spring  
Break

### DRAMATIC PLAY AREA

### VET OFFICE

We will learn how to take care of pets
