**STARBUCKS**

### **WHAT WE LEARNED IN DECEMBER**

Every day we looked for our classroom elf. The MWF elf's name was Lucky and TU/TH elf's name was Spidey. He was always in crazy places.

We created our own elf and named it. We also wrote our fourth book. This book was about the elves that we made.

We made a great fireplace to keep our room cozy and hung our stockings around it. The fireplace will be moved into our new dramatic play area.

We were very busy getting our holiday gifts completed to bring home. We hope you enjoy them! They worked very hard on them.

We completed half the alphabet and numbers to 1-11.

### **WHAT'S AHEAD!**

We will be working with numbers and early math skills and on our phone numbers and addresses.

We will explore all the different things about winter. The best part will be making everlasting snowballs and have a snowball fight indoors.

We will be heading to the library and writing our fifth book about what you can do at the library.

January is crazy scientist month!
