

## FEBRUARY NEWSLETTER 2020

**MRS. DONNA & Mrs. NICOL  
M-TU-W-TH-F- CLASS**

Welcome to February. We will be working on number recognition and learning about space exploration. This will be a fun filled month.

The letters for this month are Vv, Xx, Qq and Zz.

In January, we made our own snowballs that will never melt. We were then able to have a snowball fight indoors. The children enjoyed having an indoor snowball fight and no one got cold. We also made a blizzard in a jar. Ask your children how we did it. We will send the experiment home so you can do it with your family.

We will be learning about numbers and how to write the numbers 1 to 20. This will help with recognizing the difference between numbers and letters. We will be working on simple adding and subtracting, so understanding the numbers will be very helpful.

The children will be creating their own space galaxy in the classroom. They will pick a planet they like and make the planet on paper with marble painting. You will be able to see the finish project at the art show.

Our writing skills are improving every time we write our name. We will be working on recognizing and writing our last names this month. The more they practice the better they get.

We will be doing something special for Valentine's Day on Thursday, February 13 and Friday, February 14. The children can bring cards to share with their classmates. They love exchanging cards. We will be having an open gym day at Grand Oaks on Thursday, February 6 and Friday, February 7. You will be dropping off and picking up at Grand Oaks. We will start at 9am and pick up will be at 12 pm.

Thanks for everything you do to make your child have the best experience at school. They are doing fantastic.
