4 YR OLDS

LETTERS & NUMBERS FOR THE MONTH

V, X, Q and Z and numbers 14-17.

We started the month by making a lot of Valentine's Day decorations and cut out a vase and made flowers for our families. We also made our favorite vegetables and put them together in a basket.

We learned about x-ray fish and after reading "Not a Box", we drew our own box and made it into anything they wanted... things like a robot, car and dog were drawn.

We made a duck that goes "quack, quack" and designed animals for our classroom zoo.

The kids had fun with volcanoes made with baking soda and vinegar and we added food coloring and a bit of glitter for extra fun. We danced to "The Floor is Lava" and a Valentine's Day Freeze Dance by Danny Go.

Next month we will be learning letters R, U, K, O and numbers 18-20.

DRAMATIC PLAY AREA

FLOWER SHOP & SCIENCE CENTER

WHAT WE LEARNED IN FEBRUARY

We learned about carbonation when we put heart candies in 7-Up. We saw pictures of "quills" on porcupines and played the xylophone we have in our room. We explored the globe and have been exchanging Valentines with 15 other preschool classes all over the USA and highlighted those states.

Kids are doing great with "classroom helpers". And loving the "book bag". Everyone will get a turn bringing in a book.

We had our Valentine's Day party which was crazy, but fun. We made crafts, built with solo cups, played I Spy, made love bugs with play doh and told stories. We also enjoyed talking about taking care of our teeth with a dentist hygienist who came to school.

The students love games! We have played a fishing game, matching and letter games.

The Grand Oaks field trip was a blast. With the weather limiting our time outside we needed to run around and loved the obstacle course and basketball hoops.

WHAT'S AHEAD!

Next month, we will be getting ready for our Art Show. We will be cutting out rabbits and making a robot out of shapes. Kids will color under the table and make a kite that we will hopefully get to fly outside. We will try and trap that silly leprechaun and decorate an oval shaped egg.

REMINDERS

Check the flyers that come home and that are one this email.

Have a great Spring Break!
