

# BARLINA HOUSE

## BULLETIN

Mrs. Donna & Mrs. Sam  
4 YR OLDS

### LETTERS & NUMBERS FOR THE MONTH

We start the week with a new letter. We learn how it sounds, how to write it and we sing a little song with the letter of the week.

**Aa** is for apple. We created different types of apples, using coffee filters and paper.

**Mm** is for monkey. We baked muffins and created a mountain picture, made a paper muffin and a moose.

**Bb** is for balloon. We will be scientists and mix colors to make different variations of brown.

### DRAMATIC PLAY AREA

FARMER'S MARKET

### WHAT WE LEARNED IN SEPTEMBER

We became familiar with our room and made new friends.

We baked apple cinnamon and chocolate chip muffins. We took turns measuring and mixing.

We made apples seeds dance with vinegar and baking soda. They did a fantastic job.

We also learned about mixing colors primary colors to make secondary colors. We used powdered paint and mixed it with water. It was so much fun!

### WHAT'S AHEAD!

We will learn about the new season of Fall.

We will be working with things that we found at the Nature Center and making leaf prints with our findings.

We will create a fall harvest in our classroom.

*Reminder* →

Please keep sending the All About Me poster.
