LETTERS & NUMBERS FOR THE MONTH

Each week we will be learning a new letter together. We will practice writing the letter, practice what sounds the letter makes and come up with words that begin with the letter. We will also start learning our numbers.

Oo=is for Octopus. We made an octopus and an owl.

Numbers 1 - 5

WHAT WE LEARNED IN APRIL

We received a class pet this month - five caterpillars that we will watch turn into butterflies. We learned about the life cycle of a butterfly and what happens at each stage before they turn into butterflies.

We planted green beans in a wet paper towel in the class window. We watched them grow and then planted them to take home and enjoy. We also made Troll faces on plastic cups and planted grass seed, to make the grass look like the Troll hair. We learned about the importance of plants and how they grow.

WHAT'S AHEAD!

We will continue to go over our addresses and phone numbers daily. We will go over numbers 1 - 5.

We will make sure that we know what they look like and how to write them on our own. The kids have been doing a fantastic job writing, so we are going to have them write their own names on their papers.

We are going to learn about the importance of bees and make bird feeders for our bird friends. Plan on us getting messy with paint - the kids are going to explore being creative with paint.

REMINDERS

Please check your child's backpack every day for mail. With the weather getting nicer outside, please make sure your child is wearing appropriate shoes for the playground.
