

## NOVEMBER NEWSLETTER 2020

**Mrs. G and Mrs. Tracey**  
**Tuesday, Thursday AM Class**

Welcome Autumn! October was a very busy month! We all enjoyed exploring The Nature Center, bringing dads to pumpkin carving nights and celebrating Halloween.

We have been working hard on our letters, numbers, colors and shapes. Additionally, we have been making creative artwork to decorate our classroom. We have butterflies, monsters, spider webs and pumpkins.

The children are getting comfortable in the classroom with their teachers and their classmates. Developing socially in the classroom is a huge part of preschool, as the children are learning to work together as a group as well as gaining confidence and independence. We encourage the children to play together, share, take turns, be aware of their neighbor, to make their own choices, to ask for help when they need it and to try things on their own. Each child is working toward independence, and we continue to work on these skills throughout the school year.

Our weather helper for the day has started. This is decided by picking a child's name out of our helper box. The children anxiously await their name being called. Some other jobs the children have are line leader, caboose and bell ringer. These jobs change weekly and everyone will have a chance to experience each of these tasks.

Thank you to all the parents for helping with the All About Me sheets and the photographs. Our Meet The Class album is circulating among the children, and everyone will have a turn to share it with their families.

As the weather may start to cool off, please remember hats and gloves, and please make sure your child's name is on each of their belongings.

**Happy Thanksgiving**
