LETTERS & NUMBERS FOR THE MONTH

N, L, P, S and W.

The kids made a suncatcher using flower petals and different leaves. They made their favorite Ninja Turtle and sponged painted a leaf shape they cut out themselves and drew a pumpkin and used shape stamps to make the face. We used paint, yarn and paper to put together a pretend plate of spaghetti and ended the month with a witch craft made from triangles and circles.

Next month we will be practicing letters T, G and I. We will review numbers 1-5 and starting numbers 6-10.

DRAMATIC PLAY AREA

PIZZA SHOP

WHAT WE LEARNED IN OCTOBER

We tasted the difference between lemon and limes. We made our own lava lamp using oil, water and an Alka Seltzer tablet. We read "If You Give a Pig a Pancake" and ate a pancake for a snack. We danced like a skeleton moving our bones in a silly way and are learning sign language starting with colors. We made potions with colored vinegar and baking soda in black cauldrons.

Our field trip to the Nature Center was emphasized by beautiful weather, followed by a trip to Tom's Farm. We ended the month with our Halloween party filled with fun chaos, games, crafts and an obstacle course.

Our classroom helper program is going great! Every class we pick a name and that person helps with the calendar and reports the weather. They help clean the tables, set up our snacks and are the line leader for the day. Everyone will get a turn!

WHAT'S AHEAD!

Next month we look forward to talking about what we are thankful for. The kids will make a turkey and a gingerbread man plus we will begin our holiday workshop working on gifts for our family.

Reminder!

Please make sure you check your child's backpack every day for mail. Make sure names are written on all belongings including the coats and shoes.

As always if you have any concerns or questions, please email or call Mrs. Donna.
