DECEMBER NEWSLETTER 2020

Mrs. Donna and Miss Sherry M/W/F and T/TH Classes

Can you believe it is December already? I feel like school just started. We have had a great year so far. Looking forward to the rest of the school year.

We had a new friend join our classes. The children are showing Adam around and helping him be part of the class. They are all being great friends.

Our letter curriculum is working nicely for the kids. They are enjoying singing and doing hand motions to the songs. We are working so hard on writing both upper and lower case letters. They are doing an amazing job. We will have completed half the alphabet by the end of December. Every week we review all the letters, and they are doing a great job.

The North and South Pole will be covered in January as we were busy making our holiday surprises for our families. We hope the children were able to keep their surprises a secret. They are very excited about making the gifts.

Progress reports will be sent home at the end of the month. They are all doing great. If you have any questions or concerns, please give us a call. We would love to talk to you and explain any concerns.

Our dramatic play area for November was a dinosaur vet. The children really enjoyed fixing the dinosaurs and playing with them after they were well. December is our holiday workshop. If anyone would like to donate left over bows, wrapping paper, cards or ribbons, it would be greatly appreciated. The children love to wrap and make cards for their families. We will be writing our third book this month, "How to Catch an Elf?". The children will use their imagination to come up with a plan to catch Santa's elf. They enjoy drawing the pictures and telling Miss Sherry and myself the story.

January will be the month of numbers and becoming little scientists. They do enjoy a good messy science experiment.

Please dress your children with proper clothes for outside play. We go out every day as long as it is not raining or below 20 degrees, so hats, gloves and heavy jackets are necessary. We want to thank you for being supportive of our school and hopefully soon, you will be able to see your children in motion. Thank you again for allowing us to be in your children's lives, it is a true honor.

Barlina House Wishes You Happy Holidays
