LETTERS & NUMBERS FOR THE MONTH

We have completed the alphabet this month!

We have made alphabet books and number books for each student and are reviewing the letters and numbers every day at school.

We will rock our kindergarten assessment!

DRAMATIC PLAY AREA

FAIRYTALE LAND

WHAT WE LEARNED IN APRIL

We became gardeners this month. We learned that plants do not always need dirt to grow. We watched beans grow in a wet paper towel. We planted grass on top of the dirt, and it grew so very tall – we hope they gave the grass a haircut. We also conducted an experiment with a sponge; we placed grass on a wet sponge and watched the seeds grow.

We are learning about the life cycle of a butterfly. The butterflies are in chrysalis form and we are patiently waiting for them to emerge as beautiful butterflies. It is so exciting to watch the change every day. We made our last book about butterflies.

WHAT'S AHEAD!

We will continue reviewing the letters and numbers.

We will learn about bugs and create our own bugs. We hope to have them in the room for Mother's Day.

We will also be practicing for our Mother's Day performance and decorating the classroom.

We are finding out where our friends will go to school in the fall. We will have a map of all the schools and the kids' names by the school. A note will be sent home very soon.

REMINDERS

Please check your child's backpack every day for mail. With the weather getting nicer outside, please make sure your child is wearing appropriate shoes for the playground.
