

CSU PUEBLO

# STEM DISCOVERY CAMP

Your mission, should you choose to accept it, is to use your creativity and problem solving skills as you learn from experts in Science, Technology, Cybersecurity, and Math!

Spend your mornings in laboratories and classrooms developing your mind, and your afternoons on the CSU Pueblo ropes course, on scavenger hunts, and on hikes with the skilled CSU Pueblo Outdoor Pursuits Team.

## WEEK 1: JUNE 17-JUNE 21

**CHEMISTRY CRIME LAB:** Use chemistry skills to help unravel crimes by analyzing evidence to uncover crucial connections.

## WEEK 2: JUNE 24-JUNE 28

**THE ABC'S OF DNA:** Decipher the intricate code of life's instruction manual, unlocking the secrets of genetic inheritance and biological diversity.

## WEEK 3: JULY 8-JULY 12

**THE MATH ODYSSEY:** Explore the wonders of numbers through hands-on learning that broadens the mind and defies quantification.

## WEEK 4: JULY 15-JULY 19

**CRACKING THE CYBER CODE:** Investigate the ever changing and exciting world of technology and computer information systems.

**PRICING:** \$300/week; \$1,000 when registered for all 4 weeks, scholarships available. The scholarship deadline is 6/1/24.

**INCLUDED:** Snacks, lunch, camp t-shirt, and all activities!
