URGENT PRESS RELEASE

US AND MEXICAN DRIVERS UNITE FOR JUSTICE

WILL TAKE UNITED ACTION ON JULY 1

(Permian Basin, Texas Region) Truck Drivers in the Permian Basin have been organizing with Truckers Movement for Justice/Tamexun, a grass roots populist labor organization, for a little more than a year to fight back against working conditions, which include black-list and wide spread wage theft, as well as abuse of immigrant drivers, that remind us of sharecropping of olden days. Truckers have had enough!!!

And now a struggle to demand economic and environmental Justice will begin with a peaceful Convoy for Justice on July 1st. We intend to continue both economic and legal actions against ALL Companies profiting off our labor, and to demand Government and Industry address our concerns on the degradation of the environment due to the “harvesting” of Mother Earth’s resources”.
