ACTION NEEDED!

Support SB 1657, the Gun Dealer Licensing Act

The Illinois House will soon be voting on a bill that would help reduce gun crime in Illinois. Senate Bill 1657, Gun Dealer Licensing, would require employees of gun shops to undergo background checks, allow law enforcement to inspect gun shops, and require video security for gun shops to prevent theft. This bill would help stem the flow of illegal guns in our state. Illinois needs statewide gun dealer licensing!

Here is what we need to do:

1 Call your Illinois State Representative and ask them to support SB 1657.
