RE: Supplemental Nutrition Assistance Program (SNAP) – Waiver of
Quality Control (QC) Reviews for March, April and May 2020 Due to
the COVID-19 Public Health Emergency – Blanket Approval

Dear SNAP State agencies:

As authorized by SNAP regulations at 7 CFR 272.3(c)(1)(i), the Food and Nutrition Service (FNS) will allow State agencies to suspend:

- SNAP regulations at 7 CFR 275.11 (b)(1) and (2) by adjusting the minimum sample sizes for both active and negative cases for fiscal year 2020, as detailed in the enclosure. As a result of this blanket approval States will select cases from only nine months of the fiscal year for QC review.
- SNAP regulations at 7 CFR 275.12 and 275.13 by not requiring States to conduct QC reviews for active or negative cases for the sample months of March, April and May 2020.

Under the authority of 7 CFR 272.3(c)(1)(i), FNS may authorize temporary waivers to deviate from specific regulatory provisions when they cannot be implemented due to extraordinary temporary situations. FNS has received multiple requests from State agencies for various QC related flexibilities in response to the COVID-19 Public Health Emergency. Extensive certification policy waivers have already made normal QC procedures difficult to apply. FNS has determined that temporarily waiving the QC review is appropriate due to the COVID-19 Public Health Emergency.

Upon issuance of this waiver, all QC reviews for the sample months of March, April, and May 2020 will be cancelled, unless a State opts not to operate under the waiver. If a State agency elects not to implement this temporary flexibility, it must notify its respective FNS Regional Office, which will acknowledge receipt. State responses will be relayed to the FNS Quality Control Branch. All State agencies that choose to implement this waiver must comply with the conditions of approval included in the enclosure.

FNS is ready to provide technical assistance to State agencies as they seek to maintain operations and serve clients during the current public health emergency.

All State Agency Directors

Enclosure

**TEMPORARY WAIVER OF THE QUALITY CONTROL REVIEW FOR MARCH,
APRIL AND MAY 2020**

- 1. Regulatory citation:** 7 CFR 275.12; 275.13; 275.11 (b)(1) and (2)
- 2. Regulatory requirements:** Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 275.12 and 275.13 require that State agencies conduct quality control reviews of active and negative cases on a monthly basis. 7 CFR 275.11(b)(1) and (2) provide the minimum sample sizes for the both the active and negative frames based on the State's average monthly reviewable SNAP caseload.
- 3. Description of alternative procedures:** State agencies will not conduct QC reviews for the active or negative frames for March, April and May 2020 and will adjust their minimum sampling size and any sampling procedures accordingly.
- 4. Action and reason for approval or denial:** Under the authority of 7 CFR 272.3(c)(1)(i), FNS may authorize temporary waivers to deviate from specific regulatory provisions when they cannot be implemented due to extraordinary temporary situations. FNS has determined that approval of these flexibilities is appropriate due to the COVID-19 Public Health Emergency. FNS is approving the flexibility for a period of 3 sample months, March through May, 2020.
- 5. Conditions of approval:** FNS is approving this flexibility subject to the following conditions:
 - State agencies will maintain sufficient State level staff to allow them to again perform all aspects of the QC review process starting with the June 2020 sample month, following regulations on staffing standards at 7 CFR 275.2(b).
- 6. Evaluation Data Requirements:** The State agency must provide to FNS the data and analysis listed below required for evaluation of this waiver:
 - The number of households that would have been subject to potential selection for the QC sample if it were not waived and the average dollar amount of benefits those households received.
- 7. Expiration date:** The sample month ending May 31, 2020.
- 8. Quality control procedures:** Adjusted minimum sample sizes are as follows and replace the minimum sample size tables included in regulations at 275.11 (b)(1) and (2) for the remainder of FY 2020.

7 CFR 275.11(b)(1)(ii) The minimum number of active cases to be selected and reviewed by a State agency during each annual review period shall be determined as follows:

Average monthly reviewable caseload (N)	Minimum annual sample size (n)
60,000 and over	n = 1800
10,000 to 59,999	n = $(300 + [0.042(N-10,000)]) \times 0.75$
Under 10,000	n = 225

7 CFR 275.11(b)(1)(iii), The minimum number of active cases to be selected and reviewed during each annual review period as follows:

Average monthly reviewable caseload (N)	Minimum annual sample size (n)
60,000 and over	n = 765
12,942 to 59,999	n = $(300 + [0.0153(N-12,941)]) \times 0.75$
Under 12,942	n = 225

7 CFR 275.11(b)(2)(i), The minimum number of negative cases to be selected and reviewed by a State agency during each annual review period shall be determined as follows:

Average monthly reviewable negative caseload (N)	Minimum annual sample size (n)
5,000 and over	n = 600
500 to 4,999	n = $(150 + [0.144(N-500)]) \times 0.75$
Under 500	n = 112

7 CFR 275.11(b)(2)(ii), The minimum number of negative cases to be selected and reviewed during each annual review period as follows:

Average monthly reviewable negative caseload (N)	Minimum annual sample size (n)
5,000 and over	n = 510
684 to 4,999	n = $(150 + [0.1224(N-683)]) \times 0.75$
Under 684	n = 112
