This past year proved to be particularly challenging for many of our neighbors as we continued to see a dramatic increase in financial need, in large part resulting from the COVID-19 pandemic. However, our parish stepped up to meet this need in a big way with a generous increase in donations of food, household items, and financial support. **Together, we were able to help 2,603 people in our West Seattle community!**

Our amazing St. Vincent de Paul volunteers continued adapting during the pandemic by providing virtual home visits and answering 1,016 requests for support. They expanded their role to offer not only immediate financial support but also help neighbors navigate other services and applications for funding during these uniquely hard times. By connecting neighbors to other agencies and grant programs, our Vincentians have been able to efficiently leverage our parish's funding to fill the gaps.

Thank you to our Vincentians and our generous parishioners for being the hands and feet of Christ in our community.

"I am now completely convinced that when one does a deed of charity one need not worry about where the money will come from: it will always come."
— Frédéric Ozanam
