

WE'RE LOOKING FOR A FEW GOOD TRAINERS!

Are you an experienced treatment plant operator or have network installation, operation or repair experience? Are you looking for a change of pace? Do you enjoy travel and meeting new people?

If yes, we need you!

Simmonds and Bristow is one of the few RTO's approved under the new Industry Skills Council's water operation package.

We're looking to expand our team of qualified trainers by recruiting the people who've spent years getting their hands dirty and who know treatment plants and/or reticulation or sewer systems from top to bottom and who are eager to share their knowledge with others.
