# Yum BBQ Italian Chicken Marinade

Here's a simple marinade to make tasty grilled BBQ chicken.

## Ingredients:

- 1 bottle of Italian dressing
- 1 teaspoon of garlic powder
- 1 teaspoon salt
- 4 boneless chicken breasts

## Easy Directions:

In a shallow baking dish, mix the dressing, garlic powder and salt, then marinate the chicken breasts in the refrigerator for 4 hours, or even better overnight.

➤ If needed, preheat the grill on High. Lightly brush oil on the grill, and simply grill the chicken on the BBQ at high heat for approximately 8 minutes each side, or until juices run clear. It's delicious. Be sure and try it even if you normally don't use Italian Dressing- you may be pleasantly surprised.
