

# Palm Sunday at Home

## INSTRUCTIONS:

1. Cut a large leaf shape from green construction paper (or just white paper and color green).
2. Fold the leaves in half lengthwise.
3. Crease the leaves and then unfold them.
4. Cut deep slits in the sides of the leaves to make them look like palm fronds, without cutting all the way through the leaves.
5. *Optional:* Tape a popsicle stick, pipe cleaner or thin rolled tube of paper to the center as a stem.
6. Share a photo or video waving your palms and they'll be compiled into a Palm Sunday montage to be played during worship.
  - a. On social media, use the hashtag [#PalmSundayAtHome](#)
  - b. Or email your photos to [office@firstpreswheaton.org](mailto:office@firstpreswheaton.org)
