

Explore the World of Surveying by getting “hands-on” experience

with the various data, tools and technologies used by today’s Surveying professionals

The flyer for the AOLS SHSM Surveying Certification Program features a blue header with the AOLS logo and a red section for the "Surveying Certification Program". It includes a circular graphic with the text "SETTING OUR SIGHTS ON THE FUTURE" and an image of a surveyor at a site. The main text describes the surveyor's role and provides contact information for AOLS. The right side of the flyer highlights six reasons to sign up for the program, each with a numbered callout. It also features the SHSM logo and a "Find a Surveyor" search form.

AOLS 

SETTING OUR SIGHTS ON THE FUTURE

The professional surveyor applies the knowledge of surveying measurement, legal principles of boundary location, subdivision of land and property surveys, and management of mapping and geographic information systems.

Contact the **Association of Ontario Land Surveyors**... the governing body of the professional surveyor to learn more.

....and find out who the local Surveyors are in your area.

- Go to: http://www.aols.org/find_a_surveyor

Find a Surveyor

Define Search
Surveyor's Name:
City:
Search

- In the “Define Search” area, type in the name of the nearest City where you live, click “Search” and view the Map and results for local Surveyors.
- Then Type in your last name in the Search box, click “Search” and see if any Ontario Land Surveyors share your last name and where they work in Ontario. If none pop up, perhaps **YOU** will be the first in Ontario with your last name to have a lifelong and rewarding career in Surveying!!!
