2nd Annual WesternU Research Symposium

A showcase of trainee research across all 8 colleges

23 November 2024, 9:00 am – 3:30 pm

HEC CMR lab

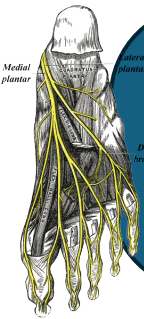

Number of Oral presentations: 7 **Number of Poster presentations: 27**

AWARDS

Students Oral and Poster awards (1st, 2nd and 3rd place)

Keynote Speaker: Edward S. Glaser, DPM

Biomechanics of the Foot and Chronic Pain a new Research Frontier

Dr. Edward S. Glaser, DPM studied mechanical engineering at SUNY Stonybrook in 1979 and received his doctorate in podiatric medicine at the New York College of Podiatric Medicine in 1983. Although not a common path for a podiatrist, it turned out to be the right exposure for a future foot biomechanistic. After over 13 years in clinical practice, Dr. Glaser chose to become an entrepreneur developing his MASS Posture Theory. For 30 years, over a Million Pairs of Orthotics, and running two manufacturing facilities, Dr. Glaser has made his life's mission a reality with Sole Supports: 'We make people better'.
