Stories of the Garden

Join the conversation!

The community is invited to enjoy an hour of storytelling by people impacted by the Healing Garden at Samaritan Lebanon Community Hospital. Hear tales of belonging, nourishment, grief and healing. Join tours of the hospital and healing garden. Refreshments will be served.

The Healing Garden has impacted countless individuals and families since it was completed in 2004. The garden engages all five senses, allowing patients, staff and community members to find peace, comfort, purpose and a connection to nature within the hospital walls.

Learn how the Healing Garden has made a difference in the lives of patients, staff, volunteers and donors at this casual community gathering.

Sunday, Oct. 25, from 1 to 3 p.m.

Samaritan Lebanon Community Hospital, Conference Rooms B/C
525 N. Santiam Highway
