

Connecting the Dots

PEATC Early Childhood Webinar Series

EARLY INTERVENTION

Wednesday, December 2nd · 7:00 p.m.

Concerned about the development of your infant or toddler? Suspect that a little one has a disability? Early intervention can help!

Acting early can make a ***difference*** for your child. **Early Intervention (EI)** supports families of infants and toddlers, ages birth to three years, with developmental delays and disabilities.

In this introduction, we'll **connect the dots** on EI – **what** it is, **eligibility**, and **who** to contact.
