

State Systemic Improvement Plan (SSIP) - April 2021

We have completed our fifth year of SSIP implementation and recently submitted our required [report](#) to the Office of Special Education Programs (OSEP). Please take a few minutes to read the report and celebrate the positive impacts we've been able to document thanks to your hard work! You can read more about the improvements Virginia has achieved in infrastructure and evidence-based practices in the [Provider Implementation Survey Report](#) and [Coaching Fidelity Assessment Summary](#).

State Leadership Teams have identified activities for the coming year to support continued infrastructure improvements and use of evidence-based functional assessment, child outcome summary, coaching and natural learning environment practices. These activities are included in the [Revised SSIP](#).

If you have any questions about our SSIP work, please contact Kyla Patterson at k.patterson@dbhds.virginia.gov.
