Investing in Prior Lake
Parks and Community

NOVEMBER 2025 REFERENDUM

Improving Prior Lake parks, trails and recreation for years to come

On Tuesday, November 4, 2025,

Prior Lake voters will consider a property tax increase to help fund improvements to our park and trail system.

Shaped by community input, the \$60 million plan would support critical repairs, upgrades and new amenities at neighborhood parks, Highway 13 trails, Spring Lake Park and Lakefront Park, including:

- **Better beach access**
- **Safer, more connected trails**
- **Updated, inclusive playgrounds**
- **Enhanced accessibility**
- **Additional athletic fields**
- **New activities for all to enjoy**

Residents have the final say

If approved by voters, the estimated tax impact on a median-value home of \$433,600 will reach \$22 per month over the next five years.
