## **ADULT PROGRAMS**

### **SUMMER ADULT PICKLEBALL LEAGUE**

League play format: Round Robin with teams of 4 people. Each team will consist of 1 female and 1 male player with similar skills. Players will self-evaluate their level of play. Teams will be drawn at random with an equal-as-possible distribution of skill levels for each team and will be set for the entire season.

Team changes may be accommodated with approval from the league administrator. This is a recreational league with the emphasis on skill and team building. A player may be removed from the league due to unbecoming behavior or more than 2 missed games (without notification or replacement). There will be no refunds issued. If a player leaves the league, the next player on the waitlist with similar skills and the same gender will replace that player.

If a team member cannot make a league game, the team in question is responsible for obtaining a temporary replacement player by asking a current league member on another team to fill in with equal or lower playing level.

League format:

- Two teams play against each other per week (teams play a total of 4 games): 1 men's double, 1 mixed doubles (male and female), 1 women's doubles and 1 mixed doubles (the remaining male and female).
- Before the match begins, players will use a coin toss to determine the following:
  - Team winning the coin toss will choose a side as well as their mixed doubles partners after their opponents choose. Team losing coin toss will serve first in the 1st and 3rd games.
- Team points will be earned:
  - Each match is 1 game to 15 wins by 1 with rally scoring (rally scoring becomes side out scoring when a team reaches 13 points) - change sides at 8
  - Point scoring: Earn 3 POINTS per game win (up to 12 points per match). The top 3 teams will receive a gold, silver, or bronze medal.

#### Skill Level Classifications:

- **Advanced Beginner:** Knows the rules and can keep score and has weak but improving court coverage. Serves are "in" more regularly, knows the two-bounce rule, and knows where to stand on the court during general play. Ground strokes and dinks are a work in progress but has a general idea of when to do both.
- **-Intermediate:** Demonstrates a broad knowledge of the rules of the game. High majority of services are "in" and is able to hit the serve deep. Starts to incorporate strategy during the game and places the ball better. Covers a good amount of the court (included coming to the non-volley zone) and is starting to use drop shots in order to get to the net. Less unforced errors are made, and sustainable dinking is starting to become a part of the game plan.
- **-Advanced:** Plays consistently in all phases of the game. Anticipates opponents' shots resulting in good court position. Primarily plays offensively. Controls and places serve and return of serves to best advantage. Consistently executes effective drop shots. Hits a low number of unforced errors per game. Consistently varies shots to create a competitive advantage. Has good footwork and moves laterally, backward, and forward with ease. Demonstrates 3rd shot strategies: drop shot, lobs, and fast paced ground strokes.
