

Colchester Giving Garden

The Giving Garden is up and operating for its 12th year of operation.

We meet on Tuesday evenings at five o'clock and all are welcome to volunteer and join in. No gardening experience is necessary, just enthusiasm to help others. All of the vegetables grown are donated to our town food bank and area soup kitchens. We have the tools to work with and so wear closed toe shoes to the garden and bring your own gloves if you care to wear them.

The garden is located behind the existing senior center at 95 Norwich Ave., Colchester CT.

Hope to see you soon.
