

Colchester Giving Garden

The Giving Garden is up and running at full speed!! Our terrific team of volunteers have been very busy weekly as we plant and fill up the Giving Garden with many seedlings that have been donated by generous folks. We are already harvesting some of our vegetables and have donated over 100 lbs. of food for those in need in our community this season.

Please remember that anyone can join in and help at the garden. You do not have to be a gardener or know much about gardening, just show enthusiasm to help others. WE are at the garden on Tuesday evenings at five o'clock so come on down and join in at 95 Norwich Ave. For any questions please write to our email address, colchestergivinggarden@gmail.com Hope to see you at the garden!
