

Colchester Giving Garden

The Giving Garden is still going strong as September rolls along. We have passed 1,800 lbs. of fresh produce donated to the community so far this season and hope to reach our goal of 2,022 lbs. for the year. Follow us on Facebook and watch us grow!! We will be meeting at the garden weekly until late October and it's never too late to join in and make a difference. Tuesday evenings at five is our weekly volunteer time and occasionally we have a Friday "morning maintenance" time.

On another note, the garden is teaming up with our local town Stop and Shop for the month of October in a fundraiser for the garden. During October, if you purchase a "Blooming for Good Bouquet" one dollar from every bouquet sold will go to the Colchester Giving Garden!! What an easy way to support the garden and brighten yours or someone else's day! The garden accepts donations at any time to help us with our expenses. Think of us when you need a gift or to remember a loved one with by donating to the garden. Just reach out to our email address if this is something you'd like to do.

Colchestergivinggarden@gmail.com.

Hope to see you at the garden!!
