

Colchester Giving Garden

The Giving Garden is in full swing now and filling up fast with lots of seedlings and plantings. Our fabulous team of volunteers have been busy working at the garden making repairs, building new trellises, watering, and feeding the gardens and planting the many vegetables to donate over the next few months. We have already harvested and donated about 45 lbs. of fresh asparagus to our town food bank, the senior center, and an area soup kitchen. Why not come on down for yourself and join in? We are always happy to have new volunteers and you don't need to be a gardener, just show enthusiasm to help others.

We meet at the garden on Tuesday evenings at five o'clock. The garden is located behind our town senior center at 95 Norwich Ave. For more information or to get onto our email list write to colchestergivinggarden@gmail.com or check us out on our Facebook page.

Hope to see you soon
