The Colchester Garden Club is a 501(c)(3) non-profit community organization focused on horticultural education, hands-on learning, beautifying the community and offering our members many benefits. A personalized welcome package is provided to each new member with information related to their gardening interests. Monthly meetings most of the year include educational presentations. Community service projects benefit Colchester and provide an opportunity to learn from more experienced gardeners and certified Master Gardener members.

Town Hall

Members of the Colchester Garden Club are making the downtown area more festive for Holiday Homecoming and the winter season by decorating 14 town planters, evergreen sprays on the historic district signs, and wreaths on the street signs around the green.

Landscaping for birds, butterflies and other pollinators is being planted by the Colchester Garden Club at the Colchester Welcome sign at Rte. 85 and Lake Hayward Road
