

Colchester Giving Garden

The Colchester Giving Garden is getting ready to start its 11th season of growing and donating fresh produce to those in need in our community. The garden is an all-volunteer vegetable garden where all the food grown is donated to our town food bank and to area soup kitchens . Anyone is invited to join in at the garden.....no gardening experience is required. All ages and abilities can join in and make a difference.

We will be hosting an information meeting on Monday, March 13th at the Cragin Memorial Library at 6:30 p.m. The meeting will take place in Norton Room A. All are welcome.

For more information write to colchestergivinggarden@gmail.com

Hope to see you soon!
