

## **The Colchester Giving Garden**

The Giving Garden will be having a plant sale fundraiser on Tuesday, May 13th.

Todd Maciajauskas, a great home farmer here in town is offering home grown vegetable seedlings for the second year to help the Giving Garden with their operating costs. Todd has started many varied vegetable plants and will sell them at the garden starting at five o'clock on the 13th. This is a great way to get some seedlings for your garden and to help the Giving Garden as they help others in our community. Please consider coming by on the 13th and support the garden. We are located at 95 Norwich Ave. behind the "old senior center"

Thank you.
