

Colchester Giving Garden

The Giving Garden is now operating weekly on Tuesday evenings at five o'clock. We are always excited to welcome new volunteers to the garden. No gardening experience needed, just enthusiasm to help others.

The garden is located behind the "old senior center" at 95 Norwich Ave. The garden is an all-volunteer endeavor that grows and donates all of the produce to our own food bank and two area soup kitchens.

Since our start in 2013 we have donated over 17,000 lbs. of fresh vegetables to those in need right in our community.

Why not try something new this spring and join in at the garden? All ages and abilities are welcome.

Hope to see you soon. For more information or questions about the garden you may reach us at colchestergivinggarden@gmail.com
