

December 17, 2018

Dear Congenital Heart Walk Supporter,

The Children's Heart Foundation (CHF) and Adult Congenital Heart Association (ACHA) want to thank you for your support and dedication to the Congenital Heart Walk series. Because of your efforts, the Congenital Heart Walk raised nearly \$1.9 million in 2018! This is an astounding accomplishment that could not have been achieved without the hard work of each of our walkers, teams, donors, sponsors, and volunteers.

Today, we are writing to inform you that the partnership between CHF and ACHA for the Congenital Heart Walks will be ending on December 29, 2018. Since 2010, the Congenital Heart Walk has raised over \$12 million that has supported the missions of CHF and ACHA. Both organizations are extremely grateful for this and are looking forward to your continued support in the future.

CHF and ACHA will each be announcing their own 2019 walk plans after the partnership termination date of December 29. Both organizations are planning to remain active in many of the cities the current CHW series is in. In some cases, the social media sites for these events will be changing. Please visit individual walk social media pages, as updates on this will be coming soon. If you have questions in the meantime, please direct them to Mark Roeder at ACHA at [mroeder@achaheart.org](mailto:mroeder@achaheart.org) or Mike Tancredi at CHF at [mtancredi@childrensheartfoundation.org](mailto:mtancredi@childrensheartfoundation.org).

Thank you again for all of your efforts in making the walks so successful. Together, we have made a big impact in the fight against congenital heart disease in honor of the millions of babies, children, adults and families impacted by CHD.

Sincerely,

Mark Roeder
