MIT CDOIQ Symposium Goes Virtual, Globally

Dear MIT CDOIQ Colleagues,

I am writing to inform you that the 14th Annual MIT CDOIQ Symposium will be completely virtual this year. We made this decision based on consultation with speakers, sponsors, and MIT Policy.

As I'm sure you can imagine, it has been quite a challenge to plan this event during the global pandemic. Nothing is more rewarding than all our sponsors having decided to sponsor the event virtually. That speaks volumes. We extend a big, heartfelt 'thank you' to our valued sponsors.

We have been very impressed by MIT's Video Production team, who will facilitate this event. We are looking forward to working with them to deliver a high-quality experience for everyone involved.

You can visit our event website for more information and register for the virtual event here. On behalf of the MIT CDOIQ Program & Symposium Team, we hope you're staying healthy and safe during these unprecedented times.

Respectfully,

Richard Wang, PhD
Founder & Director, MIT CDOIQ Program
Executive Director, Institute for Chief Data Officers
Professor, UA Little Rock EIT College
