**RE:** Memorial Blood Centers Issues Urgent Need for Blood Donors

---

This summer, local blood bank Memorial Blood Centers is facing a serious challenge in maintaining an adequate supply of **O negative, A negative, and B negative blood types** to meet the needs of our hospital partners in Minnesota and northwestern Wisconsin. Memorial Blood Centers has an **urgent need for O negative, A negative, and B negative blood types** and is asking the community to donate blood today to help ensure blood is available for patients in need.

Every two seconds, someone needs blood. Please donate blood if you are:

- In good health
- Free of antibiotics for 24 hours, unless taken daily for skin condition
- Symptom-free for at least 3 days following a cold or flu
- 17 years or older—16 with written [parental consent](#) (PDF)

To schedule a blood donation at one of our donor centers, or an upcoming blood drive, visit us online at [MBC.ORG](http://MBC.ORG) or call 1-888-GIVE-BLD (1-888-448-3253). Walk-ins are welcome. Memorial Blood Centers is offering all presenting donors between July 3–8 a free t-shirt, and during the month of July, all donors receive a coupon for \$5 off an online order of \$10 or more at Noodles & Co.

**Media:** Thank you in advance for helping connect generous blood donors with our neighbors, friends, and family members in need. When donors step up to give blood, lives are saved, dreams are pursued, and life-threatening battles are won.
