Location: Cypress School District, Education Center
Presenter: Jannell Jones
Language: English*

Please register at <https://goo.gl/forms/pryGWc7D3Zx12DJj2>

*To request Korean translation, please call (714)220-6928

*To request Spanish translation, please call (714)220-6752

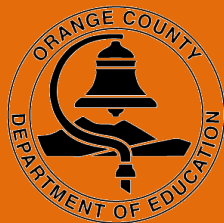

Identify effective parenting strategies in the following areas:

- Brain Development
- Early Childhood Development
- Anger Management
- Self-Regulation
- Communication
- Setting Limits

What is Safe from the Start (SFTS)?

SFTS is a public health campaign that provides strategies to assist communities in reducing the impact of violence on children and adolescents by educating parents, educators, nurses, social workers, counselors, and community members. The strategies support a decrease in the number of youth who are exposed to violence and who may suffer from behavioral or cognitive difficulties and symptoms of Post-Traumatic Stress Disorder (PTSD). Content is research-based with a focus on how exposure to violence impacts brain development. Most importantly, a message of **HOPE** is delivered through understanding brain development and learning how the brain can be rewired and healed.
