

Figure 2.1. Cumulative Highlights of GWP Impact, as of end of June 2022

Source: Original figure based on aggregate results as of end of June 2022. Background photo: Ivory burn, Kenya.

Note: Results based on cumulative data from the start of GWP until the end of June 2022. Data was collated from several sources, including the project implementation reports submitted by projects to the GEF Secretariat as part of their annual reporting, mid-term reviews, and terminal evaluations completed by June 2022.
