

Call for Proposals

EGSA 2022 Spring Conference

At this years Spring Conference EGSA is changing things up. In an effort to provide the on-site power industry and our members more value we will be adding more education sessions to the conference. At the 2021 Fall conference we added new educational tracks and those were a huge success. The 2022 Spring Conference will be bringing those back and more. We will also be having 4 General Sessions with Key Note Speakers, Top Players in the Industry, and a case study for from our members.

We want to hear your proposals. If you have a case study or would like to host any of the following sessions please submit your ideas.

Pre-Conf (Sunday) Session

This session will focus on business operations. We are looking for speakers for: finance, legal. Insurance, and safety.

Case Study Session (45-50 min)

This session will focus on challenges in the industry and how our members have overcome them.

Educational Track (45-50 min)

This session is open to any topic you feel would be a benefit to share with other members.

Topics may include, but are not limited to: Technical/Engineering, Sales, Service, Codes & Standards, Supply Chain, Noise Control, Environmental, Commercial Projects, etc.

Requirements: Must be relevant to the On-Site Power Industry.
