

TEEN CHECK-UP VIDEOS

HCAN has developed a teen check-up video to help your patients take ownership of their health and what to expect during a teen visit. Use this guide to help craft outreach messages. We recommend sending this out to all patients due for a teen check-up visit.

AUDIENCE: Teens, parents, caregivers, and guardians of teenage children 12-19 years of age

EMAIL OR PORTAL MESSAGE

Subject line:

Your teen is due for their well-teen visit! Watch this video and schedule a check-up

Body:

Checkups keep your teen healthy and help them take ownership of their health. Watch this video with your teen to help them prepare! It explains what happens during a visit, why it matters, and how teens can start becoming active partners in their own health care.

Would you like us to call you to schedule your teen's next visit? Reply "Yes" or "No"

TEXT MESSAGE

Your teen is due for their annual well-teen visit! Watch this short video with your teen to help them prepare to take ownership of their own health care.

Would you like us to call you to schedule your child's next visit? Reply "Yes" or "No"
