Open Letter to the White House

Dear President Biden,

We write with urgency and unity, uplifting the Joint Congressional and Organizational Open Letters you received on President's Day, February 19, 2024. Representatives Barbara Lee, Shelia Jackson Lee, Cori Bush, and Jamaal Bowman, alongside advocates representing 175+ organizations, remain ready and willing to work with your administration to advance the comprehensive equity framework outlined in the Open Letters. As we face another election year, this conversation regarding urgent executive action on reparations is not just about policy—it is about the people of the United States of America, the fate of our democracy, national unity, and national security.

We call upon you to meet with the Congressional members and advocates as soon as possible to tackle and attend to the unfinished work of advancing comprehensive equity through executive orders and actions. The state of our Union depends upon it.

Sincerely,
