FVCC SWIM TEAM SPONSORSHIP OPPORTUNITIES

We use their pool but none of our funding comes from the club. We are a separate entity and now a 504 (3) (c) . Now that they are a public club and no longer a private club they don't have the funding for a swim team or the pool. A heavy financial burden falls on the parents of the swimmers. We have to pay our coaches, for swim meets, swim equipment for the meets to help timers, officials and the meet to run smoothly, as well as to rent the pool for the season for swim meets and practices.

HOW MANY SWIMMERS DID WE HAVE SWIM LAST YEAR:

30 swimmers this was one of our bigger years. The kids make lasting friendships, learn sportsmanship, responsibility and have a ton of fun. We swim every day with swim meets once or twice a week, some home and some at other clubs and two big meets, the Ruth James Relay and what we call Interclub Championship. Swim season is all of June and July.

WHAT WILL MY SPONSORSHIP GO TOWARDS?

We are working towards having our 501(3)(c) not for profit organization. The team has a board that manages the finances as well as team decisions to be sure all things are legal and fair. We need reliable equipment to run a proper swim team and swim meet. The equipment we have has been bought by the coaches who put their heart and soul into this team. What we need is expensive and specific to the sport of swimming. We also use the sponsorship to pay for swim meet fees, paying coaches, lowering the cost for the swimmers, and renting the pool.

WE HAVE SOME BIG PLANS IN THE YEARS TO COME AND IT IS ALL MADE POSSIBLE BY SPONSORS LIKE YOU! THANK YOU FOR SUPPORTING THE FLUSHING VALLEY SWIM TEAM FOR THE 2023 SUMMER INTERCLUB SWIM SEASON.
